

# IRON HORSE

## INDIA PALE ALE

Getty-Up Hop Heads! Made with a secret ingredient, this well balanced brew has great hop aroma and the perfect amount of hop flavor without too much of a bitter kick. Alone or paired with spicy foods like buffalo wings or jerk chicken, Mexican or Szechwan, this bucking bronco will keep you in the saddle asking for more. As for the ingredient? We'll just call it "Luck" for now.
