8.2% ALCOHOL

APPROACH WITH CAUTION

Don't let the smooth taste fool you! This Ale will kick your ass and then get your email address to remind you of it later... that's just mean!

Brewed to keep you warm in the winter months, but easily enjoyable any time of the year. Do yourself a favor.... no matter what you pair this with, make sure you get plenty to eat or you might find out how this beer got its name!

Train Wreck Amber Ale

Our flagship beer is an American Amber Ale brewed with maple syrup and honey to give it a full body and smooth sweetness that makes it impossible to have just one. Being our biggest seller, it's appropriate that this is also our first beer available in a can.

BREWED IN MT. PLEASANT, MI
